After two great editions **The Cult House** is now happy to announce our collaboration with **After Nyne Gallery/Magazine** on the third Edition of **IT'S ART CALL**. An open call/competition where a group of selected artists will have the opportunity to display their artwork in group exhibition and one winning artist will have his solo show at the new After Nyne Gallery.

#### **About The Cult House:**

It is a creative group connecting people in various creative disciplines (arts, craft, design, writing, music and performance) with commercial and social events.

The Cult House started its collective on Facebook, Instagram, Twitter, Google+, Pinterest and LinkedIn, where presents daily tips on several art topics and use all them to help on the promotion and network to get more visibility for our artists. The website went live on April 2014 and since then The Cult House is increasing their International online artist collective. The aim of the collective is to boost visibility online as much as possible for both parts, for the company and more importantly for the artists within the online gallery, maximizing all our connections and advertising the artists' profiles as well as important events.

#### **About After Nyne Gallery:**

It is centrally located in Portland Road, five minutes from Holland Park Underground Station (Central Line), well served by buses on Holland Park Avenue and surrounded by some of London's finest restaurants and retailers. Located in one of London's most exclusive neighbourhoods, the After Nyne Gallery is an elegant way to while away your time, see and perhaps buy some great art.

#### **STATEMENT:**

"I invest my time in solid and complex creations, thought-provoking and interactive.

My inspirations come from visions, dreams, technological and spiritual studies and practice.

In my latest creations I have attempted to merge these fields of knowledge and experience. My art is to intrigue, to please the viewer's eye and to provoke thoughts.

One of my current goals is to awaken people to the problem of consumptionism leading to Earth's over exploitation and plastic pollution.

On the personal and artistic field, I'd like to find the end spectrum for the detailed composition-how complex and busy can I go!?

I have to express myself through Art – I could not live a healthy wholesome life without letting it flow through me."€• – OK
