Adam Warwick Hall, Belinda Moore, Daiane Medeiros, Deyan Mihov, Francis Charlton, Kareem Berjaoui, Lili Morgan, Liizy Bending, Marnie Scarlet and Veronica Rowlands.

These artworks will be shown and available to purchase on this special event where we will be raising money to invest on future projects and research which will improve the life of many patients.

Life Beyond – Head & Neck Cancer Support is a new charity created by **Jose Barroso** and **Andre Davantel**, two highly skilled health care professionals working at the prestigious Head & Neck Oncology Unit at Royal Marsden Hospital in London to raise awareness about Head & Neck cancer, stimulate prevention and to support patients, staff with training and research.

The Cult House It is a creative group connecting people in various creative disciplines (arts, craft, design, writing, music and performance) with commercial and social events.

The aim of the collective is to boost visibility online as much as possible for the company projects and more importantly for the artists within the online gallery, maximizing all our connections and advertising the artists' profiles as well as important events.
